OPENING OF THE CAMPAIGN

First Gun for Republicans to Be Fired in Colorado.

HITCHCOCK WILL GO WEST

Taft's Campaign Manager Will Confer With Leaders From Many States in Colorado Springs—May Make His Headquarters in Chicago.

Washington, July 16.—Chairman Frank H. Hitchcock of the Republican national committee will open the campaign of 1908 in the Far West. Practically the first movement in the campaign for the election of William H. Taft and James S. Sherman, respectively, to the presidency and vice presidency, will be made at Colorado Springs, Colo., next Monday and Tuesday, July 20 and 21. At that time Chairman Hitchcock will hold a conference with the Republican leaders from the states of North and South Dakota, Nebraska, Kansas, Oklahoma, Texas, Montana, Wyoming, Colorado, New Mexico, Idaho, Utah, Arizona, Nevada, Washington, Oregon and California.

It is the purpose of Mr. Hitchcock, in the bringing thus together of the Republican leaders of the West, to consider plans for the campaign in that territory. Careful plans will be mapped out for the campaign in the West; methods will be discussed, and speakers for the various states arranged for so far as may be possible.

In the near future similar conferences will be held by Chairman Hitchcock with Republican leaders in the Middle West and the East.

The place of the Middle West conference will be Chicago and it probably will be held about ten days after the Colorado Springs conference. Some time subsequently a conference of the Eastern leaders will be held in New York city.

Chairman Hitchcock soon will leave Washington for Colorado Springs. On the way he will stop in Chicago to make arrangements for Western Republican headquarters in that city. The headquarters will be located in an office building, Chairman Hitchcock preferring such a location to a hotel.

In this connection it can be said to be not unlikely that Mr. Hitchcock may make his permanent headquarters during the campaign in Chicago instead of New York. He has the question under consideration, but has reached no definite conclusion.

At the conclusion of the Colorado Springs conference, Chairman Hitchcock will return to Chicago for a brief stay in that city and will go thence to Cincinnati to attend the ceremonies incident to the nomination of Judge Taft of his nomination for the presidency.

SHRINERS ELECT OFFICERS

Marion (Ia.) Man Is Chosen Imperial Potentate.

St. Paul, July 16.—The Imperial council and delegates of the Order of the Mystic Shrine held their executive meeting and election of officers at the Auditorium with the following result:

Imperial potentate, Edwin I. Alderman, Marion, Ia.; Imperial deputy potentate, George L. Street, Richmond, Va.; Imperial chief rabban, Fred A. Hines, Los Angeles, Cal.; Imperial assistant rabban, J. Frank Treat, Fargo, N. D.; Imperial high priest and prophet, William J. Cunningham, Baltimore; Imperial Oriental guide, William W. Irwin, Wheeling, W. Va.; Imperial first ceremonial master, Jacob T. Barron, Columbia, S. C.; Imperial second ceremonial master, Frederick R. Smith, Rochester, N. Y.; Imperial marshal, J. Putnam Stevens, Portland, Me.; Imperial captain of the guard, Henry F. Niedringhaus, Jr., St. Louis; Imperial outer guard, Charles E. Ovenshire, Minneapolis; Imperial treasurer, William S. Brown, Pittsburgh; Imperial recorder, Benjamin F. Rowell, Boston.

Before a capacity grandstand at Lexington park twenty-four Shriner patrols, practically the entire number in St. Paul, presented exhibition drills. The Shriner patrols went to Minneapolis at night and paraded before an immense crowd.

Shot Dead on the Street.

Metuchen, N. J., July 16.—F. B. D. Prickett, a retired minister of the Methodist Episcopal church and former recorder of the borough of Metuchen, was shot and killed on the street. A. Harron is charged with the shooting. Two years ago while Mr. Prickett was recorder, Harron was frequently arraigned before him for disorderly conduct and was once sentenced to ten days in jail.

VORYS VISITS TAFT.

Discusses Conditions in Ohio With the Candidate.

Hot Springs, Va., July 16.—Arthur I. Vorys, manager of the national campaign for the Republican party in Ohio, arrived at Hot Springs and had a long talk with Judge Taft on conditions in Ohio. Mr. Vorys expects

A. I. VORYS.

that Ohio will give the Republican ticket an old time majority next November.

Mr. Vorys will remain here several days and will have further talks with Mr. Taft concerning conditions in Ohio.

Mr. Taft has made a rough draft of a portion of his speech of acceptance, having been able to begin the work of dictating the document sooner than he expected a couple of days ago, when in the midst of the study of platforms and former speeches of acceptance.

GIVEN HEARTY WELCOME.

People of Indianapolis Turn Out to Greet John W. Kern.

Indianapolis, July 16.—The reception given John W. Kern, the newly nominated Democratic candidate for vice president of the United States, held in the courthouse yard at night, was as hearty and generous and spontaneous as the citizens of Indianapolis, regardless of politics, could make it. Fully 5,000 people gathered in Delaware street and in the courthouse yard gave Mr. Kern a hearty welcome and cheered him enthusiastically. The newly made candidate addressed the big crowd for about twenty minutes after being presented by Charles W. Fairbanks, vice president of the United States. Four years ago Mr. Kern presented Mr. Fairbanks to a big nonpartisan gathering under similar circumstances.

The crowd which received Mr. Kern was in a cheering mood. He cheered Mrs. Kern and William Kern and John W. Kern, Jr., when they came on the stand. Republicans applauded as loudly as the Democrats.

When Mr. Kern arrived in the city he was escorted to his home by a large procession. He arrived at the courthouse with Vice President Fairbanks. When the carriage in which Mr. Kern and Vice President Fairbanks arrived the band started "When Johnny Comes Marching Home." This was the signal for a tumult of applause and when the two distinguished men alighted they were greeted tumultuously.

Mayor Bookwalter with a few brief remarks presented Vice President Fairbanks. The vice president was applauded heartily when he arose. He spoke about ten minutes, paying a fine tribute to his friend and neighbor, John W. Kern. The vice president happily recalled that four years ago when he returned to the city a vice presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Each reference the vice president made to Mr. Kern was applauded by the big crowd.

Perhaps in all his career as a public speaker, John W. Kern never was received with more ardent applause than he was when he faced the crowd of 5,000 people. Although tired and worn from his long trip, Mr. Kern was in good voice and the crowd heard him distinctly.

Farmer Commits Suicide.

Waterloo, Ia., July 16.—George Tupper, thirty years old, hanged himself in a barn at his home near Nashua. He used a log chain, in which he made a slip noose, and after placing this around his neck and throwing the other end of the chain over a rafter, jumped into space. Tupper had been worrying greatly over the crop outlook, and it is believed he was insane.

LITTLE WORK IS DONE

Prohibitionist Convention Slow to Begin Its Labors.

WILL NOT DECLARE HIMSELF

Judge Seaborn Wright of Georgia Could Have the Presidential Nomination if He Would Express a Willingness to Accept It.

Columbus, O., July 16.—The Prohibitionist national convention, which met here, worked under a temporary organization throughout its two sessions and adjourned for the day without hearing a report from the committee appointed to select its permanent officers. In fact, little was accomplished beyond naming the members of the various committees and receiving reports of the committees on rules and credentials.

The presidential nomination is still open and there has been no marked concentration in favor of any candidate. It was practically agreed that the nominee could be Judge Seaborn Wright of Georgia if he would express a willingness to accept it. Judge Wright would not announce himself as a candidate. The name of Joshua Levering of Maryland, who was the nominee in 1896, was strongly favored by many, but the friends of Mr. Levering were not disposed to push his candidacy unless he was assured in advance of the nomination.

James P. Tracy of Detroit, Mich., is making an energetic canvass and sentiment is steadily growing in favor of his nomination. The Illinois delegates are pushing Daniel R. Sheen of Peoria. The friends of Robert H. Patton of Springfield, Ill., the temporary chairman of the convention, are rapidly increasing.

The committee on resolutions met immediately after adjournment of the morning session of the convention and delegated the task of writing the platform to a sub-committee of five.

Document Not Yet Prepared.

The document itself has not yet been prepared, but the principal planks to be incorporated will be about as follows:

There will be a declaration in favor of extending suffrage to women; the election of senators by direct vote of the people will be favored, and a ringing declaration will be made against existing revenue laws, which permit the issuance of licenses to saloons.

The platform will also declare in favor of the enactment of a graduated income and inheritance tax. A demand will be made that the proposed amendments to the Constitution of the United States prohibiting the liquor traffic be submitted to the people.

This is intended to meet the question raised in congress at the last session that federal regulation of the liquor traffic is unconstitutional when it extends beyond interstate traffic. This plank, together with that denouncing the revenue laws which permit the issuance of licenses, is expected to cover the attitude of the party on the questions of license and direct prohibition.

The national committee met and re-elected all of its old officers. These were: Chairman, Charles R. Jones, Evanston, Ill.; vice chairman, A. G. Wolfenbarger, Lincoln, Neb.; secretary, W. C. Calderwood, Minneapolis; treasurer, Felix T. McWhirter, Indianapolis.

SEVEN MEN KILLED.

Ten Others Injured by an Explosion in a Mine.

Pottsville, Pa., July 16.—Seven mine workers were killed and ten others were injured by a terrific explosion of gas in the Williamstown colliery of the Summit Branch Mining company on the lower part of the anthracite coal field. The mine was wrecked and set on fire.

The explosion occurred in No. 1 shaft of the colliery and is believed to have been caused by one of the men lifting the gauge of his safety lamp just after an explosion of a shot which brought down a large body of coal.

The explosion shook the entire colliery. The work of rescue was begun immediately and when volunteers were called for almost every man at the workings offered his services, which meant a hazardous trip into the burning mine.

Near the foot of the shaft the injured were found, they having rushed toward the entrance, only to fall over unconscious. All of the dead were found a short distance from the shaft, battered and bruised into an almost unrecognizable mass.

Bubonic Plague in the Azores.

Lisbon, July 16.—The bubonic plague has made its appearance on the island of Terceira, one of the Azore groups.

QUIET TIME FOR BRYAN.

Politicians Are Conspicuously Absent From Fairview.

Lincoln, Neb., July 16.—Politicians are conspicuously absent from Fairview, the home of W. J. Bryan, and in consequence the Democratic nominee for the presidency spent a very quiet time. Except for two or three neighbors who called in the early morning, there were no visitors and Mr. Bryan was enabled to take up some of his most important correspondence and dispose of it. As yet he has not begun the preparation of his speech of acceptance and the probabilities are that he will not do so until Mr. Taft's address is delivered. The question of whether or not he will make an extended campaign tour is one which Mr. Bryan is now considering. He said, however, that the matter had not been sufficiently developed for him to make any statement regarding it. The belief is general here, though, that he contemplates the delivery of a number of addresses in various parts of the country. His first trip away from home since his nomination will be made on July 24, when he will go to Chicago for a conference the next day with the sub-committee of the national committee, which has been authorized to select a national chairman and other officers. It is not his intention to make any public speeches on that occasion. Mr. Bryan still entertains the view advanced by him in his several campaigns that the vice president of the United States should be admitted to the councils of the official family. He believes that the occupant of the vice presidential chair should be accorded greater dignity and not only sit in cabinet meetings and participate in their deliberations, but also should be kept informed on all matters of state in order that he might be the better prepared to perform the duties of president should he suddenly be called upon to assume that office.

BRIDEGROOM MURDERED.

Aged Man Who Was to Wed a Young Girl Is Slain.

Dover, Del., July 16.—That William Williams, aged fifty-four years, the prospective bridegroom who had obtained a license to wed a thirteen-year-old girl, and whose body was found hanging to a tree near Maryland, Md., was murdered, was established by the coroner, who held the inquest in the case. The jury found that Williams came to his death by a blow on the head from a blunt instrument in the hands of some person or persons unknown.

The police authorities are working on the theory that the man was slain to prevent his marriage to a mere child.

Girl Falls Over Precipice.

Visalia, Cal., July 16.—News of the second tragic death within a month among visitors spending their summer vacation climbing the mountains of the high Sierras reached here when the body of Miss Grace Barnett, a graduate of the University of California and head of the art department in the Berkeley high school, was brought in after two days' journey on a pack mule. Miss Barnett fell over a precipice in Kings river canon and was dashed to instant death in the chasm hundreds of feet below.

Steamboat Explodes.

Okoboji, Ia., July 16.—The steamboat Piroet, while racing from Spirit Lake to Arnold's Park with the boat Iowa, exploded in midlake, throwing several passengers into the waters. The passengers were rescued and no one was seriously injured.

MURDERER EXECUTED

Giuseppe Alia Is Hanged at Canyon City, Colo.

WITH CURSES ON HIS LIPS

Slayer of Father Leo Heinrichs Is Launched Into Eternity—Expresses No Sorrow at Having Killed the Denver Priest.

Canyon City, Colo., July 16.—Calling down maledictions upon the Roman priesthood and shouting in Italian "Long live Italy! Long live the Protestants!" Giuseppe Alia, the murderer of Father Leo Heinrichs, was carried to the death trap and paid the extreme penalty of his crime.

At 6 o'clock supper was served to the prisoner. Before eating he divided it into five portions, saying that one was for his wife, one for himself and one each for his three children. He ate with apparent composure and relish.

Alia said he ready to die at any time. He further said he felt no sorrow whatever for having killed Father Leo. He was certain that Father Leo was the man he had been searching for many months and claimed that he had recognized the priest by a scar on the side of the face. Alia said he had worked for Father Leo in Portugal, and was sure that he had killed the right man. Alia said he did not believe there was a God, for if so he would not have been permitted to be in his present condition. He said he found no fault with the law, but that the priest did wrong in breaking up his family.

At 8:30 o'clock, everything being in readiness, the warden's assistants approached Alia's cell and led the condemned man to the death chamber, where the black cap and noose were adjusted by the deputy warden. During this procedure Alia became frantic and shouted "Long live Italy! Long live the Protestants!" Alia was placed upon the trap. Chaplain Blake of the prison uttered a short prayer, the dripping of the water of the automatic mechanism released the great weight, and at exactly 8:30 the body was jerked into the air.

Unfortunately Alia's neck was not broken, owing to the slipping of the rope, and he died of strangulation. After nineteen minutes Alia's body was cut down and he was pronounced dead.

Alia's crime, the murder of Father Leo of the Order of Franciscan monks at the altar rail in St. Elizabeth's church in Denver while the priest was administering the sacrament of the eucharist, struck horror to the heart of every person in Denver and awakened anxiety throughout the Catholic world lest it should prove the beginning of a general plan of priest murder.

CLUE IN MURDER CASE.

Detective Locates Suit Case of Hazel Drew.

Troy, N. Y., July 16.—What is considered the most important point yet developed in the Teal pond murder mystery came into possession of the police when County Detective Kaye found the suit case which Hazel Drew carried the day before she was murdered and for which the police have been conducting an exhaustive search. From articles found in the suit case it is established, the police

say, that Hazel Drew did not intend to go to Averill park on the day she was murdered and the startling theory is advanced that she was murdered in Troy and taken either by carriage or automobile to Teal pond, where her body was cast into the stagnant waters.

There is much to bear out this theory and it appears the authorities are nearing a solution of the mystery. In the first place the murdered girl's black leather handbag, containing all of her money except 5 cents, was found in the suitcase. The fare to Averill park, which is near Teal pond, is 20 cents.

While this find was made in Troy, detectives at Teal pond found a glove which was worn by the girl and in the finger of it was found a 5-cent piece. Conductors of all the trolley cars running to Averill park have been closely questioned and none have been found who remember seeing Hazel Drew on his car. It would have been next to impossible for the girl to have ridden to the park on a trolley car and not have been recognized. Linking these facts together the police conclude that the girl met some one in Troy either on Tuesday afternoon or evening and that the murder took place in this city or near it.

A Dream Warning.
A strange story comes from Calabria. One Braccala, a resident of Pizzo, had a dream in which he saw his son, twenty years of age, being attacked by two men, who were stabbing him with knives. Braccala awoke and, arousing his wife, told her what he had seen. She tried to calm him, but while they were still discussing the matter a noise was heard in front of the house, and, hastening down, Mm. Braccala opened the door just in time to catch her son in her arms as he fell swooning to the ground. He had been attacked and stabbed and died shortly afterward.

The fire department was called to East Brainerd about 3 o'clock this morning by a fire in a lumber pile owned by A. H. Johnson, 621 Oak street Northeast. There was between 20 and 25 thousand feet of lumber in the pile and it was practically a total loss. There is no known cause for the fire. It started before the shower, so lightning could not have caused it. There was no insurance, it having expired a few weeks ago. The same lumber pile was found to be afire during the fire at the Williams place some weeks ago, but whether it caught from sparks from that fire or from some independent cause, is uncertain.

Church—Did you ever work for a railroad company? Gotham—Well, yes; I've tried to open the car windows.—Yonkers Statesman.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his Golden Medical Discovery, which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drainage, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

Some Bad Men Were Evidently
on the Turf at Brainerd
Wednesday Evening

WM. TUDOR BOLDLY ROBBED Masked Men Stopped Him on Way From Crow Wing and Took Purse and Shoes

Wm. Tudor, of Crow Wing, walked into the city in his stocking feet Wednesday evening shortly after 8 o'clock and stated that he had been held up about a mile and a half from this city and relieved of \$72 and his shoes. He was treasurer or collector for one of the local Yeoman lodges, and was on his way to town to turn the money over, he having resigned the position since removing from Brainerd. As he was walking along the road, according to his story, a man wearing a mask stuck a gun into his face and told him to throw up his hands. Will complied without hesitation and a second man whom he had not before seen went through his pockets taking \$72, a part of which belonged to him and a part to the lodge. He came to Brainerd in his stocking feet and reported the robbery. Sheriff Erickson went at once to the scene of the robbery and though he drove clear to Crow Wing he was unable to find any trace of the robbers.

A stranger who was passing through the city reported to the sheriff this morning that he had gone to sleep in the Northern Pacific depot last night and when he woke up he was shy a roll amounting to \$53 which he had in his pocket.

Three men were arrested and thrown into the city bastille last night, two on suspicion that they were connected with the holdup. The third, who was arrested on another charge, was also seen by Mr. Tudor, who was unable to identify any of them. Two were turned loose while the third who gave the name of Henry Ehle, was given a fine of \$10 for indecent exposure. He had \$15 on deposit at Behme's saloon, having left it there yesterday afternoon, and paid his fine and departed.

Mammoth Mosquito Trap.

Dr. Thomason of the sanitary department in Havana is testing a new device for checking the spread of yellow fever. It consists of a tent large enough to inclose a whole block, and it is claimed for it that it will permit of such thorough simultaneous fumigation of the houses that not a fever infected mosquito has a chance to escape.

Anderson-Johnson

A very pretty home wedding was witnessed last evening by the relatives and friends of Miss Rosella Anderson and Mr. Nels Johnson when the two were united in matrimony at the home of the bride's parents. The bridal party marched into the parlor to the strains of Lohengrin's wedding march as played by Miss Theresa Schulz. The ceremony was performed in a bank of flowers and ferns by the Rev. Kirk, of the Peoples Congregational church, the ring service being used.

The bride was beautifully gowned in white silk carrying white bridal roses and the bridesmaid, Miss Marion Halladay wore pale green silk mull. The groom and best man, Mr. Swan Johnson, wore conventional black. The couple were well remembered by many beautiful and valuable gifts.

After a dainty wedding supper the happy couple left on the midnight train to visit relatives in Wisconsin for several weeks, after which they will be in their new home at the corner of Main and Second Sts.

Both the bride and groom are well known in Brainerd and have a host of friends who will join with THE DISPATCH in wishing them much joy. Mr. Johnson is a member of the firm of Johnson Bros., the well known front street bakers, while Miss Anderson has been a clerk in the store connected with the bakery, and previous to that was a telephone girl in the office of the Northwestern company.

The game last night did not decide the championship. The North Star Juniors were defeated by a score of 8 to 3 by the East Brainerd team. The Stars were ahead to the close of the third inning, but in the last half of the fourth inning the east sides took a bat best off Alderman, which added to sleepy fielding in the left field and an error or two, gave them eight scores. The Stars were unable to connect with Davidson's curves in the fifth and the agony was over. The net result is that there will be three games between the North Stars and the Northern Pacific clerks, each to be nine innings the winner of two taking the championship, the other ranking second. The two teams have now each played ten games and it is thought that the games will be played at the grounds at the cedar yards, which are said to be very good and permit of fast, snappy ball.

THE FOREHEAD.

What Its Size and Shape Are Said to Indicate.

A high forehead to be very good should be well developed about the eyebrows.

Breadth of forehead is always favorable. It is distinctly connected with breadth of character.

A forehead that curves back reveals a poetic temperament, a fondness for the arts and a talent for either music or painting.

Of course a broad forehead may be part of a weak face, and a weak chin and mouth will naturally give a truer impression of character than even a combination of a narrow forehead with an otherwise strong face.

If there is quite a perceptible bulge of the eyebrows, combined with a high forehead, the sign is of a calm, cool, deliberate thinker.

If with these eyebrows is combined a forehead that slopes gradually back, a sensitive, poetic temperament is disclosed. If, again, they are combined with a short, narrow forehead, the subject will be successful in business and in everything connected with worldly matters, but he will be incapable of appreciating to any extent or of creating anything connected with the arts.—New York American.

SAW IT IN A DREAM.

A Lost Check and the Peculiar Way It Was Found.

A wealthy New York lawyer sat up late one night writing letters he had not been able to finish during the day. It was past midnight when he went out to mail them, and when he returned and was undressing he paused in dismay, missing a check for a large sum received during the day and taken home with him. In vain was the house ransacked at that late hour. He went to bed convinced that the lost check must be in the house. An hour later he fell into uneasy slumber and beheld as with his eyes of the flesh the pink check curled about an area railing four or five doors from his own house.

So real was the dream that the troubled man woke up, dressed and, slipping down the stairs into the street, walked along the sidewalk to a spot still seen vividly in his mind, and there, sure enough, standing edge upward and partly curled about the iron, was the missing check. "I think," he reported to the Psychological Research society, "my subconsciousness must have noticed it fall from my pocket as I walked to the mail box and my subliminal self pointed it out to me in sleep."—William G. Fitz-Gerald in New York Tribune.

The highest authorities on the subject tell us that the milk of goats is much richer than that of the cow in all the nutritive elements, that it goes much further and is far easier of digestion; hence is much better for children and invalids than is cows' milk.—New York American.

DEERWOOD NOTES

C. R. Bullis, Bert Lough, David Archibald and Julius Hage were Aitkin visitors on Sunday.

Mrs. Leon Wilson from Appelton, Wis., who was formerly Miss Clara Howe, is here for a two weeks visit, renewing acquaintances and visiting relatives.

Mrs. Barton, Mrs. Brownlee, O. E. Culver, Miss Olga Wetzel and Miss Dalia Wetzel were Brainerd visitors between trains on Wednesday.

Dr. Sewell, from Cloquet, was a Deerwood visitor between trains Tuesday.

Miss Stella Larson, from Superior, came up Saturday evening to spend her vacation with here aunt and uncle, Mr. and Mrs. Jacob Palmer.

Mrs. Thompson and children visited with Rev. Parish for a day. Mrs. Thompson is a niece of Rev. Parish and is here on a visit from Canada.

J. W. Schenck came up from Aitkin on Tuesday to spend the day with Rev. Parish.

On Sunday July 12 a party of young people drove out to Midland for a picnic, starting at six in the morning. About 30 people went and report an excellent time. The picnic was gotten up in honor of Mrs. Leon Wilson, who is here on a visit.

H. J. Hage went to Yellowstone Park with his brother. They intend taking an extended western trip before returning.

Prof. Rollinson, from Aitkin, has started a class of piano pupils. He has a class now of four pupils, Maude Hage, Lillian Hage, Adele Palmer and Ruth Adams.

Mrs. Jacob Palmer gives a party tonight, Wednesday, in honor of her niece, Miss Larson, from Superior.

The carpenters have begun work on Oscar Carlson's house and will put up a building estimated to cost \$1500.

Mr. Henry Cruse, was a Duluth visitor on Wednesday.

Mrs. Tom Cole was called to Michigan on account of her mother receiving an injury shortly after Mrs. Cole came back to Deerwood.

The Southworth family at Hamlet Lake have all been sick with a sore throat which Dr. Reid now pronounces diphtheria.

The Swedish Ladies' Aid gave an ice cream social Saturday evening, July 11th, on Benson's lawn. The lawn was prettily decorated with Japanese lanterns and the white tables among the trees looked very inviting. The Ladies' Aid cleared about \$29.00.

The Deerwood Concert Band will give an ice cream social Saturday evening, July 18, on the school house ground. Cake and ice cream 15c and music by the band. We hope the boys will do well financially as they have a good object in view and are receiving every encouragement from some of our most prominent citizens and take this means of raising money in place of asking for donations. Six young ladies will take charge of the tables and the married women will serve the ice cream.

Mr. and Mrs. Swartz and Mr. and Mrs. Eastman, from Brainerd, were Deerwood visitors Sunday between trains.

Norval Olson returned Monday evening from a trip up the line.

Quite a few people have been camping and must find the mosquitos quite a pest.

Victor Wickstrom has just received a new 16 horse power gasoline engine and intends sawing and planing lumber in fine shape after this.

The water is fine these days for bathing and there is some one in at the beach at all times of the day. Friday was our hottest day and seemed a comfort to find one cool spot, even in the water.

Mr. Arthur Kneiff of Bay Lake was a Deerwood visitor on Wednesday, taking supper at the Wetzel home Wednesday eve.

Mons Mahlum, from Brainerd, was a Deerwood on Wednesday between trains.

WIDE RANGE OF TOPICS.

Discussed by President Roosevelt and Guests.

Oyster Bay, July 16.—President Roosevelt entertained a dozen guests, the largest party he has had at his home on Sagamore hill since he began his vacation. With his guests the president discussed a wide range of topics, naval, political, labor, publishing, hunting and travel.

After his usual morning exercise, the president welcomed Henry Reuter, the president of the marine artist and writer, and John Williams, labor commissioner of the state of New York. Mr. Reuter, who accompanied the Atlantic battleship fleet on its voyage from Hampton Roads to Magdalena bay and who in an article published last February severely criticized the construction of the battleships of the navy, came to talk with Mr. Roosevelt about naval matters. It is understood that Mr. Reuter is preparing another article on the United States navy and that it was his wish to consult the president regarding this.

Shortly after the departure of his two morning guests, the president received a party of ten.

World's Record Broken.

St. Paul, July 16.—One world's record was broken, that for the forty horse-power stock chassis, the Allen Kingston, driven by Ralph De Palma, making the five miles in 4:56 2-5. Christie failed to equal his world's record of fifty-two seconds for the mile, flying start, but he made better time than either Oldfield or De Palma and had the satisfaction of beating Oldfield, his greatest rival, in the big event of the day, the quadrangle five-mile event for racing cars. Christie won the mile race in :52 4-5, while Oldfield made the distance in his Stearns in :56 4-5. Twenty thousand people saw the races.

Maine Democrats Nominate.

STABS TWO PEOPLE.

Painter Carves a Congressman's Secretary and a Bookkeeper.

Baton Rouge, La., July 16.—A. H. Faust, private secretary of Congressman G. K. Favrot, and former editor of the Baton Rouge Times, was dangerously stabbed by Edward George, a painter. George also cut Miss Claire Bates, a bookkeeper, in the cheek and arm when she attempted to protect Faust. Miss Bates had refused permission to George to enter the office where she was at work. Faust was sitting in the office when George rushed in and began stabbing him. Faust afterward said that George had tried to forbid Miss Bates speaking to him.

What the Democratic Party Stands For In 1908

Concise Analysis of Its Declaration
of Principles by James A. Edgerton.

By JAMES A. EDGERTON.

THE chief questions on which the Democratic platform takes clearly defined and distinct issue with the Republican declaration of principles may be briefly stated thus:

The removal of the tariff from trust products.

The physical valuation of railroads as a basis for rates.

The abolition of labor injunctions and jury trial for indirect contempt of court.

The rights of the states as opposed to the encroachment of the federal government.

Publicity of campaign contributions. Economy of government expenses and curtailment of officeholders.

Emergency currency issued by the government instead of by the banks and the insurance of bank depositors.

The enforcement of the criminal law against trust officials.

Curtailed of the power of the speaker of the house.

Opposition to the use by the president of official patronage to nominate his successor.

Independence of Philippine Islands.

Popular election of senators.

An income tax.

Opposition to Asiatic immigration, including the Japanese.

There are a few minor issues, but these indicate the chief lines on which the present battle of the ballots will be fought.

On the surface the two platforms are much alike, but, more closely examined, the differences are apparent. While they are not very deep nor fundamental differences, they are sufficiently marked to make one of the prettiest fights the country has yet witnessed.

In all candor both platforms are effective documents and as a whole are the most radical ever adopted by either party. The Republican instrument perhaps excels in literary form and the Democratic in boldness of expression and in being a more human and vital utterance.

The Republicans sidestep several propositions and pass over others gingerly, like walking on eggs, while the Democrats "talk right out in meeting" on them all.

It is noteworthy that the three issues submitted by the friends of Senator La Follette—viz, physical valuation of railroads, publicity of campaign expenditures and popular election of senators—which were joyously turned down by a vote of about 8 to 1 in the Chicago convention, are all included in the Denver instrument.

It is also worthy of notice that the Republican injunction plank suited neither side and called down the criticism of both capital and labor, while the Democratic pronouncement on the same subject is even more vigorously denounced by the Wall street patriots, but has the enthusiastic support of Samuel Gompers and most of his co-workers in the ranks of organized labor.

New Campaign Element.

This is distinctly a new element in a presidential campaign, the American Federation of Labor never before having declared openly for any candidate. It is unquestionably the most important factor in the fight and has the politicians of both parties guessing.

More in detail the declarations of the two parties on the various questions discussed are as follows:

On the tariff the Democracy favors immediate revision, placing all trust products on the free list, also print paper, pulp, lumber, timber and logs; material reduction of duties on the necessities of life and on all articles of American manufacture sold more cheaply abroad than at home—a general reduction all along the line practically to a revenue basis.

The Republicans declare for a revision after the next president is inaugurated. No indication is given of the line on which such revision will be made except that it will follow the present policy of protection.

On the labor and injunction issue the Democrats oppose emphatically any discrimination against labor in injunctions, asking for rigid impartiality, and protest against the issuance of injunctions during strikes that would not issue were no industrial dispute involved.

The most important pronouncement under this head is in favor of trial by jury in all cases of contempt not in the presence of the court.

The Republican platform contents itself with a plank reiterating the present law and with a general recital of its labor legislation and a pledge for more laws in the same line.

Both platforms declare in varying terms for an employers' liability law and an eight hour day, and both hint at child labor legislation. The Democrats favor a separate department of labor, including a bureau of mines, while the Republicans demand the bureau of mines alone.

On the railroad question the Democracy declares boldly for physical valuation which would squeeze water from stocks, demands that roads be prohibited from owning any business

that brings them into competition with shippers and favors increasing the powers of the interstate commerce commission not only over railroads, but over telegraphs and telephones.

The Republicans approve the present rate law in a general way, but ask for an amendment that will permit traffic agreements, provided they are made public, are not between competing lines and are under the control of the commission.

Both platforms approve the prosecution of rebates and discriminations.

Handling the Trusts.

On the question of trusts the Democrats declare for the enforcement of the criminal law against guilty trust officials, demand a law preventing duplicate lists of directors on competing corporations, favor a federal license system for interstate trusts and propose a law compelling all corporations to sell on equal terms in all parts of the country.

The Republicans favor greater supervision and control over interstate corporations and increased publicity in their affairs, speaking a good word for legitimate associations of business men, farmers and wage earners.

On the financial question the Democratic platform declares for an emergency currency issued and controlled by the federal government and loaned to national and state banks. More important still, it favors the insurance of bank depositors.

It attacks the Republican law passed by the last congress on the ground that it lays the bank currency of the country at the mercy of Wall street manipulation.

The Republicans approve this emergency legislation, but give no definite assurance of further currency laws other than to indicate that a commission is at work on the problem.

Both platforms declare for postal savings banks, but the Democrats denounce the Republican plan as tending to carry all deposits to Wall street.

Independence For the Philippines.

Regarding the Philippines, the Democracy says that imperialism has been a costly mistake and insists on the independence of the islands as soon as a stable government can be formed, this government protecting them against outside aggression until they are made neutral territory, also reserving naval and coaling stations.

The Republican platform congratulates the country that insurrection is ended in the Philippines and that progress is being made toward education and home rule. It also favors free trade with the islands except on sugar and tobacco. No policy for the future is outlined.

The Democrats demand territorial government for Alaska and Porto Rico and the extension of American land laws to Hawaii.

The Republicans go no further in this direction than to demand citizenship for Porto Ricans.

Both platforms favor an increased merchant marine, but the Democrats oppose a ship subsidy. The Republicans imply that they are for a ship subsidy without stating it directly.

The Democracy advocates the organization of all national public health agencies into a national bureau, which shall look after sanitary conditions in factories, mines, tenements, child labor and kindred subjects.

The Republicans promise legislation to further the work of the public health agencies, but say nothing of uniting them under one bureau.

There are a number of issues treated in the Democratic platform that are omitted from that of the Republicans entirely. Briefly stated, these are as follows:

Publicity of campaign contributions and expenditures is demanded in the Denver declaration; reference is made to the exposures of contributions to the Republican fund brought out in the insurance investigation, also to the charge of E. H. Harriman that at the solicitation of President Roosevelt he raised a quarter of a million dollars for the Republican campaign in New York state. The Democrats promise a law preventing any corporation from contributing to political funds or any individual from contributing above a certain amount.

The Republicans by an overwhelming majority refused to adopt the La Follette publicity plank, but since the convention adjourned Mr. Taft has promised that a complete statement of receipts and expenditures shall be made according to the New York law. This will be published after election.

The Democracy insists on the rights of the states to regulate corporations and commerce within their own borders and opposes the centralization policy of the present administration.

The Republicans naturally say nothing on this head.

Economy In Government.

The Denver platform attacks the present congress for appropriating over \$1,000,000,000 and creating a deficit of \$80,000,000. It insists on economy in government.

The Chicago platform is silent as to economy.

As one of the items of extravagance

it is charged by the Denver platform that the present administration has added nearly 24,000 officials in a year at an annual cost of over \$16,000,000. During the entire Roosevelt administration nearly 100,000 new offices have been created, exclusive of commissions, as against 10,000 under both the Cleveland and McKinley regimes. The additional Roosevelt officials cost yearly \$70,000,000 annually as against \$6,000,000 for those of his two predecessors. This is denounced as an effort to perpetuate power by creating an army of retainers.

The Chicago instrument says nothing on this subject.

The Democracy charges that Secretary Taft's nomination was forced by the misuse of patronage, a thing utterly repugnant to free government. Of course the Republicans have nothing to say on this head.

The Democrats insist on the protection of American citizens abroad, whether native born or naturalized, demands the amendment of all treaties which would prevent our citizens traveling in any land and has a word to say for Americans manufacturing under foreign patents.

In this form the Republican document has nothing to say on the subject.

The Denver platform demands the popular election of United States senators.

The Republican convention refused to enforce this plank by an overwhelming majority.

The Democratic declaration favors an income tax and promises a constitutional amendment to make this possible.

The Republican platform is silent on this head, notwithstanding the fact that President Roosevelt had recommended both an income and an inheritance tax.

The Denver instrument takes a bold stand against Japanese immigration.

The Chicago platform has nothing to say specifically as to Japanese immigration.

The Democrats attack the system which makes it possible for the speaker of the house of representatives to control the legislation of that body. They demand that this popular branch of the national legislature be placed again under the control of the people's representatives. The Republicans are silent on this subject.

There are a number of policies urged by both platforms, but in varying language.

Favored by Both Parties.

The conserving of natural resources, preventing waste of timber, reforestation, reclaiming arid lands and the improvement of waterways and harbors are urged in both documents.

On the question of grazing of public lands, which is of great importance throughout the west, the Democrats take sharp issue with the administration, demanding that the control of the grazing privileges be left to the states.

In a general way both platforms favor building up the navy.

Both favor the civil service.

Both speak a good word for a liberal pension policy.

Both promise separate statehood for New Mexico and Arizona.

Both have a word to say for the farmer, the Republicans commending the work of the agricultural department in a general way, the Democrats favoring agricultural and mechanical schools. Against the Chicago proclamation for extending free rural delivery and aid for good roads, the Denver document pledges aid in the building of post roads.

Both parties urge the speedy completion of the Panama canal.

Both have a good word to say for peace and arbitration.

The Republicans have two planks to which the Democrats make no reference, that recounting the friendship of the G. O. P. to the negro and that commending the holding of a centenary of Abraham Lincoln's birth.

In a general way it must be said that the Democratic platform is more specific, more outspoken and more radical than the Republican document. The Chicago instrument is more rhetorical and, it must be admitted, more boastful. A large part of it is given up to preamble and conclusion. Its silence on several of "my policies" is marked.

Has "More Heart Throbs."

The Democrats, on the other hand, cover the field and handle each issue in a frank manner. Samuel Gompers has said that there are more heart throbs in the Democratic platform.

On one subject the Denver pronouncement is silent, the government ownership of railroads. That, however, is not directly in issue in this campaign, although the Republicans went out of their way to condemn it.

In the admirably brief introduction and closing of the Denver platform the constant note sounded is that of the people's government. "Shall the people rule?" is the overshadowing issue, it says in one place. In drawing the contrast between the two parties it uses this language:

"The Democratic party stands for democracy; the Republican party has drawn to itself all that is aristocratic and plutocratic. The Democratic party is the champion of civil rights and opportunities to all; the Republican party is the party of privilege and private monopoly. The Democratic party listens to the voice of the whole people and gauges progress by the prosperity and advancement of the average man; the Republican party is subservient to the comparatively few who are the beneficiaries of governmental favoritism."

Taken as a whole, the Democratic national platform of 1908 is the most advanced and radical document ever adopted by a leading party in this country. Truly the world moves.

WINS TWO GOLD MEDALS.

Great Britain Captures More Honors at Olympic Games.

London, July 16.—Two gold medals went to Great Britain, France and Sweden as the winners of Wednesday's final events at the Olympic games. Great Britain was a double winner and France and Sweden each secured one first. The United States had to be satisfied with one silver medal symbolic of second place in the three-mile team race, but the American representation in the various events was small.

It was proudly announced from the offices of the British Olympic association that the attendance at the stadium was the largest since the opening. The stands certainly were filled up, but the public is evincing little interest, at least in the preliminary events of the great programme which has brought together upwards of 2,000 athletes, representing almost every civilized country on the globe.

There were four finals assigned to the day and of these England won the 660-yard cycling race and the three-mile team race, thus bringing the number of gold medals to Great Britain to date up to four, as compared with two standing to the credit of the United States. The only final in which the latter country participated was the three-mile team race, and the American team finished an easy second.

France captured her gold medal for a victory in the 2,000-meters tandem cycle race, and Sweden for Lemmings' record-breaking javelin throw of 178 feet 7 1/2 inches, which topped the best previous throw by more than three feet.

Greece, France and Great Britain each took a silver medal for seconds in the javelin throwing, 680-meter cycling race and the 2,000-meter event, respectively, while Norway, Germany and Sweden took the bronze medals in the same events.

Costly Fire in Minneapolis.

Minneapolis, July 16.—Fire wrecked the two upper floors of the Forman, Ford & Co.'s livestock factory and warehouses at 116 to 120 Washington avenue south, doing an estimated damage of \$35,000 to stock and \$5,000 to the building. Crossed wires in the rear of the building are thought to have been the cause of the fire.

Bald Heads Must Go

Bald Spots, Falling Hair and
Dandruff Positively Cured by

Burnham's Hair and Scalp Tonic

MR. E. BURNHAM.

Chicago, July 24, 1905.
Dear Sir: After having used your Hair Grower for about six months I can truthfully say it is the most wonderful hair tonic I know of. It has stopped the falling out and the bald spot is entirely covered with a thick natural growth. I am more than pleased with the results. A physician friend who examined my head said hair could not be restored on the bald spot, and the enclosed photo shows that it can be and was restored by your Hair Grower. My hair measures 4 inches and is still growing, has a rich, healthy color, and is admired by all who see it. Am recommending your tonic to all my friends and acquaintances, and I sincerely wish you the success you and your wonderful discovery deserve.

Mrs. C. Crawford
417 Bay State Bldg.
P. S.—You are at liberty to use my letters and photo any way you see fit.

For thirty years we have spent time and money and employed the best and most skilled chemists in the United States in perfecting Burnham's Hair and Scalp Tonic. Today we have thousands who will testify to its merits. We have photos of this lady, showing the bald spot, the same as reproduced here. This bald spot is now covered with a thick growth of hair. Photographs show facts and are positive proof of what Burnham's Hair and Scalp Tonic has done for her. Read what she says again.

OPENING OF THE CAMPAIGN

First Gun for Republicans to Be Fired in Colorado.

HITCHCOCK WILL GO WEST

Taft's Campaign Manager Will Confer With Leaders From Many States in Colorado Springs—May Make His Headquarters in Chicago.

Washington, July 16.—Chairman Frank H. Hitchcock of the Republican national committee will open the campaign of 1908 in the Far West. Practically the first movement in the campaign for the election of William H. Taft and James S. Sherman, respectively, to the presidency and vice presidency, will be made at Colorado Springs, Colo., next Monday and Tuesday, July 20 and 21. At that time Chairman Hitchcock will hold a conference with the Republican leaders from the states of North and South Dakota, Nebraska, Kansas, Oklahoma, Texas, Montana, Wyoming, Colorado, New Mexico, Idaho, Utah, Arizona, Nevada, Washington, Oregon and California.

It is the purpose of Mr. Hitchcock, in the bringing thus together of the Republican leaders of the West, to consider plans for the campaign in that territory. Careful plans will be mapped out for the campaign in the West; methods will be discussed, and speakers for the various states arranged for so far as may be possible.

In the near future similar conferences will be held by Chairman Hitchcock with Republican leaders in the Middle West and the East.

The place of the Middle West conference will be Chicago and it probably will be held about ten days after the Colorado Springs conference. Some time subsequently a conference of the Eastern leaders will be held in New York city.

Chairman Hitchcock soon will leave Washington for Colorado Springs. On the way he will stop in Chicago to make arrangements for Western Republican headquarters in that city. The headquarters will be located in an office building, Chairman Hitchcock preferring such a location to a hotel.

In this connection it can be said to be not unlikely that Mr. Hitchcock may make his permanent headquarters during the campaign in Chicago instead of New York. He has the question under consideration, but has reached no definite conclusion.

At the conclusion of the Colorado Springs conference, Chairman Hitchcock will return to Chicago for a brief stay in that city and will go thence to Cincinnati to attend the ceremonies incident to the nomination of Judge Taft of his nomination for the presidency.

SHRINERS ELECT OFFICERS

Marion (Ia.) Man Is Chosen Imperial Potentate.

St. Paul, July 16.—The Imperial council and delegates of the Order of the Mystic Shrine held their executive meeting and election of officers at the Auditorium with the following result:

Imperial potentate, Edwin I. Alderman, Marion, Ia.; imperial deputy potentate, George L. Street, Richmond, Va.; imperial chief rabban, Fred A. Hines, Los Angeles, Cal.; imperial assistant rabban, J. Frank Treat, Fargo, N. D.; imperial high priest and prophet, William J. Cunningham, Baltimore; imperial Oriental guide, William W. Irwin, Wheeling, W. Va.; imperial first ceremonial master, Jacob T. Barron, Columbia, S. C.; imperial second ceremonial master, Frederick R. Smith, Rochester, N. Y.; imperial marshal, J. Putnam Stevens, Portland, Me.; imperial captain of the guard, Henry F. Niedringhaus, Jr., St. Louis; imperial outer guard, Charles E. Ovenshire, Minneapolis; imperial treasurer, William S. Brown, Pittsburg; imperial recorder, Benjamin F. Rowell, Boston.

Before a capacity grandstand at Lexington park twenty-four Shriner patrols, practically the entire number in St. Paul, presented exhibition drills. The Shriner patrols went to Minneapolis at night and paraded before an immense crowd.

Shot Dead on the Street.

Metuchen, N. J., July 16.—F. B. D. Prickett, a retired minister of the Methodist Episcopal church and former recorder of the borough of Metuchen, was shot and killed on the street. A. Harron is charged with the shooting. Two years ago while Mr. Prickett was recorder, Harron was frequently arraigned before him for disorderly conduct and was once sentenced to ten days in jail.

VORYS VISITS TAFT.

Discusses Conditions in Ohio With the Candidate.

Hot Springs, Va., July 16.—Arthur I. Vorys, manager of the national campaign for the Republican party in Ohio, arrived at Hot Springs and had a long talk with Judge Taft on conditions in Ohio. Mr. Vorys expects

A. I. VORYS.

that Ohio will give the Republican ticket an old time majority next November.

Mr. Vorys will remain here several days and will have further talks with Mr. Taft concerning conditions in Ohio.

Mr. Taft has made a rough draft of a portion of his speech of acceptance, having been able to begin the work of dictating the document sooner than he expected a couple of days ago, when in the midst of the study of platforms and former speeches of acceptance.

GIVEN HEARTY WELCOME.

People of Indianapolis Turn Out to Greet John W. Kern.

Indianapolis, July 16.—The reception given John W. Kern, the newly nominated Democratic candidate for vice president of the United States, held in the courthouse yard at night, was as hearty and generous and spontaneous as the citizens of Indianapolis, regardless of politics, could make it. Fully 5,000 people gathered in Delaware street and in the courthouse yard gave Mr. Kern a hearty welcome and cheered him enthusiastically. The newly made candidate addressed the big crowd for about twenty minutes after being presented by Charles W. Fairbanks, vice president of the United States. Four years ago Mr. Kern presented Mr. Fairbanks to a big nonpartisan gathering under similar circumstances.

The crowd which received Mr. Kern was in a cheering mood. It cheered Mrs. Kern and William Kern and John W. Kern, Jr., when they came on the stand. Republicans applauded as loudly as the Democrats.

When Mr. Kern arrived in the city he was escorted to his home by a large procession. He arrived at the courthouse with Vice President Fairbanks. When the carriage in which Mr. Kern and Vice President Fairbanks arrived the band started "When Johnny Comes Marching Home." This was the signal for a tumult of applause and when the two distinguished men alighted they were greeted tumultuously.

Mayor Bookwalter with a few brief remarks presented Vice President Fairbanks. The vice president was applauded heartily when he arose. He spoke about ten minutes, paying a fine tribute to his friend and neighbor, John W. Kern. The vice president happily recalled that four years ago when he returned to the city a vice presidential nominee, Mr. Kern was one of those to give him a hearty welcome. Each reference the vice president made to Mr. Kern was applauded by the big crowd.

Perhaps in all his career as a public speaker, John W. Kern never was received with more ardent applause than he was when he faced the crowd of 5,000 people. Although tired and worn from his long trip, Mr. Kern was in good voice and the crowd heard him distinctly.

Farmer Commits Suicide.

Waterloo, Ia., July 16.—George Tupper, thirty years old, hanged himself in a barn at his home near Nashua. He used a log chain, in which he made a slip noose, and after placing this around his neck and throwing the other end of the chain over a rafter, jumped into space. Tupper had been worrying greatly over the crop outlook, and it is believed he was insane.

LITTLE WORK IS DONE

Prohibitionist Convention Slow to Begin Its Labors.

WILL NOT DECLARE HIMSELF

Judge Seaborn Wright of Georgia Could Have the Presidential Nomination if He Would Express a Willingness to Accept It.

Columbus, O., July 16.—The Prohibitionist national convention, which met here, worked under a temporary organization throughout its two sessions and adjourned for the day without hearing a report from the committee appointed to select its permanent officers. In fact, little was accomplished beyond naming the members of the various committees and receiving reports of the committees on rules and credentials.

The presidential nomination is still open and there has been no marked concentration in favor of any candidate. It was practically agreed that the nominee could be Judge Seaborn Wright of Georgia if he would express a willingness to accept it. Judge Wright would not announce himself as a candidate. The name of Joshua Levering of Maryland, who was the nominee in 1896, was strongly favored by many, but the friends of Mr. Levering were not disposed to push his candidacy unless he was assured in advance of the nomination.

James P. Tracy of Detroit, Mich., is making an energetic canvass and sentiment is steadily growing in favor of his nomination. The Illinois delegates are pushing Daniel R. Sheen of Peoria. The friends of Robert H. Patton of Springfield, Ill., the temporary chairman of the convention, are rapidly increasing.

The committee on resolutions met immediately after adjournment of the morning session of the convention and delegated the task of writing the platform to a sub-committee of five.

Document Not Yet Prepared.

The document itself has not yet been prepared, but the principal planks to be incorporated will be about as follows:

There will be a declaration in favor of extending suffrage to women; the election of senators by direct vote of the people will be favored, and a ringing declaration will be made against existing revenue laws, which permit the issuance of licenses to saloons.

The platform will also declare in favor of the enactment of a graduated income and inheritance tax. A demand will be made that the proposed amendments to the Constitution of the United States prohibiting the liquor traffic be submitted to the people.

This is intended to meet the question raised in congress at the last session that federal regulation of the liquor traffic is unconstitutional when it extends beyond interstate traffic. This plank, together with that denouncing the revenue laws which permit the issuance of licenses, is expected to cover the attitude of the party on the questions of license and direct prohibition.

The national committee met and re-elected all of its old officers. These were: Chairman, Charles R. Jones, Evanston, Ill.; vice chairman, A. G. Wolfenbarger, Lincoln, Neb.; secretary, W. C. Calderwood, Minneapolis; treasurer, Felix T. McWhirter, Indianapolis.

SEVEN MEN KILLED.

Ten Others Injured by an Explosion in a Mine.

Pottsville, Pa., July 16.—Seven mine workers were killed and ten others were injured by a terrific explosion of gas in the Williamstown colliery of the Summit Branch Mining company on the lower part of the anthracite coal field. The mine was wrecked and set on fire.

The explosion occurred in No. 1 shaft of the colliery and is believed to have been caused by one of the men lifting the gauze of his safety lamp just after an explosion of a shot which brought down a large body of coal.

The explosion shook the entire colliery. The work of rescue was begun immediately and when volunteers were called for almost every man at the workings offered his services, which meant a hazardous trip into the burning mine.

Near the foot of the shaft the injured were found, they having rushed toward the entrance, only to fall over unconscious. All of the dead were found a short distance from the shaft, battered and bruised into an almost unrecognizable mass.

Bubonic Plague in the Azores.

Lisbon, July 16.—The bubonic plague has made its appearance on the island of Terceira, one of the Azore groups.

QUIET TIME FOR BRYAN.

Politicians Are Conspicuously Absent From Fairview.

Lincoln, Neb., July 16.—Politicians are conspicuously absent from Fairview, the home of W. J. Bryan, and in consequence the Democratic nominee for the presidency spent a very quiet time. Except for two or three neighbors who called in the early morning, there were no visitors and Mr. Bryan was enabled to take up some of his most important correspondence and dispose of it. As yet he has not begun the preparation of his speech of acceptance and the probabilities are that he will not do so until Mr. Taft's address is delivered. The question of whether or not he will make an extended campaign tour is one which Mr. Bryan is now considering. He said, however, that the matter had not been sufficiently developed for him to make any statement regarding it. The belief is general here, though, that he contemplates the delivery of a number of addresses in various parts of the country. His first trip away from home since his nomination will be made on July 24, when he will go to Chicago for a conference the next day with the sub-committee of the national committee, which has been authorized to select a national chairman and other officers. It is not his intention to make any public speeches on that occasion. Mr. Bryan still entertains the view advanced by him in his several campaigns that the vice president of the United States should be admitted to the councils of the official family. He believes that the occupant of the vice presidential chair should be accorded greater dignity and not only sit in cabinet meetings and participate in their deliberations, but also should be kept informed on all matters of state in order that he might be the better prepared to perform the duties of president should he suddenly be called upon to assume that office.

BRIDEGROOM MURDERED.

Aged Man Who Was to Wed a Young Girl Is Slain.

Dover, Del., July 16.—That William Williams, aged fifty-four years, the prospective bridegroom who had obtained a license to wed a thirteen-year-old girl, and whose body was found hanging to a tree near Maryland, Md., was murdered, was established by the coroner, who held the inquest in the case. The jury found that Williams came to his death by a blow on the head from a blunt instrument in the hands of some person or persons unknown.

The police authorities are working on the theory that the man was slain to prevent his marriage to a mere child.

Girl Falls Over Precipice.

Visalia, Cal., July 16.—News of the second tragic death within a month among visitors spending their summer vacation climbing the mountains of the high Sierras reached here when the body of Miss Grace Barnett, a graduate of the University of California and head of the art department in the Berkeley high school, was brought in after two days' journey on a pack mule. Miss Barnett fell over a precipice in Kings river canon and was dashed to instant death in the chasm hundreds of feet below.

Steamboat Explodes.

Okoboji, Ia., July 16.—The steamboat Pilot, while racing from Spirit Lake to Arnold's Park with the boat Iowa, exploded in midlake, throwing several passengers into the waters. The passengers were rescued and no one was seriously injured.

MURDERER EXECUTED

Giuseppe Alia Is Hanged at Canyon City, Colo.

WITH CURSES ON HIS LIPS

Slayer of Father Leo Heinrichs Is Launched into Eternity—Expresses No Sorrow at Having Killed the Denver Priest.

Canyon City, Colo., July 16.—Calling down maledictions upon the Roman priesthood and shouting in Italian "Long live Italy! Long live the Protestants!" Giuseppe Alia, the murderer of Father Leo Heinrichs, was carried to the death trap and paid the extreme penalty of his crime.

At 6 o'clock supper was served to the prisoner. Before eating he divided it into five portions, saying that one was for his wife, one for himself and one each for his three children. He ate with apparent composure and relish.

Alia said he ready to die at any time. He further said he felt no sorrow whatever for having killed Father Leo. He was certain that Father Leo was the man he had been searching for many months and claimed that he had recognized the priest by a scar on the side of the face. Alia said he had worked for Father Leo in Portugal, and was sure that he had killed the right man. Alia said he did not believe there was a God, for if so he would not have been permitted to be in his present condition. He said he found no fault with the law, but that the priest did wrong in breaking up his family.

At 8:30 o'clock, everything being in readiness, the warden's assistants approached Alia's cell and led the condemned man to the death chamber, where the black cap and noose were adjusted by the deputy warden. During this procedure Alia became frantic and shouted "Long live Italy! Long live the Protestants!" Alia was placed upon the trap, Chaplain Blake of the prison uttered a short prayer, the dripping of the water of the automatic mechanism released the great weight, and at exactly 8:30 the body was jerked into the air.

Unfortunately Alia's neck was not broken, owing to the slipping of the rope, and he died of strangulation. After nineteen minutes Alia's body was cut down and he was pronounced dead.

Alia's crime, the murder of Father Leo of the Order of Franciscan monks at the altar rail in St. Elizabeth's church in Denver while the priest was administering the sacrament of the eucharist, struck horror to the heart of every person in Denver and awakened anxiety throughout the Catholic world lest it should prove the beginning of a general plan of priest murder.

CLUE IN MURDER CASE.

Detective Locates Suit Case of Hazel Drew.

Troy, N. Y., July 16.—What is considered the most important point yet developed in the Teal pond murder mystery came into possession of the police when County Detective Kaye found the suit case which Hazel Drew carried the day before she was murdered and for which the police have been conducting an exhaustive search. From articles found in the suit case it is established, the police

say, that Hazel Drew did not intend to go to Averill park on the day she was murdered and the startling theory is advanced that she was murdered in Troy and taken either by carriage or automobile to Teal pond, where her body was cast into the stagnant waters.

There is much to bear out this theory and it appears the authorities are nearing a solution of the mystery. In the first place the murdered girl's black leather handbag, containing all of her money except 5 cents, was found in the suitcase. The fare to Averill park, which is near Teal pond, is 20 cents.

While this find was made in Troy, detectives at Teal pond found a glove which was worn by the girl and in the finger of it was found a 5-cent piece. Conductors of all the trolley cars running to Averill park have been closely questioned and none have been found who remember seeing Hazel Drew on his car. It would have been next to impossible for the girl to have ridden to the park on a trolley car and not have been recognized. Linking these facts together the police conclude that the girl met some one in Troy either on Tuesday afternoon or evening and that the murder took place in this city or near it.

A Dream Warning.
A strange story comes from Calabria. One Braccala, a resident of Pizzo, had a dream in which he saw his son, twenty years of age, being attacked by two men, who were stabbing him with knives. Braccala awoke and, arousing his wife, told her what he had seen. She tried to calm him, but while they were still discussing the matter a noise was heard in front of the house, and, hastening down, Mm. Braccala opened the door just in time to catch her son in her arms as he fell swooning to the ground. He had been attacked and stabbed and died shortly afterward.

The fire department was called to East Brainerd about 3 o'clock this morning by a fire in a lumber pile owned by A. H. Johnson, 621 Oak street Northeast. There was between 20 and 25 thousand feet of lumber in the pile and it was practically a total loss. There is no known cause for the fire. It started before the shower, so lighting could not have caused it. There was no insurance, it having expired a few weeks ago. The same lumber pile was found to be afire during the fire at the Williams place some weeks ago, but whether it caught from sparks from that fire or from some independent cause, is uncertain.

Church—Did you ever work for a railroad company? Gotham—Well, yes; I've tried to open the car windows.—Yonkers Statesman.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach, tonic, liver, invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason why it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of published testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic affections, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines, and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

WM. TUDOR BOLDLY ROBBED

Masked Men Stopped Him on Way
From Crow Wing and Took
Purse and Shoes

Wm. Tudor, of Crow Wing, walked into the city in his stocking feet Wednesday evening shortly after 8 o'clock and stated that he had been held up about a mile and a half from this city and relieved of \$72 and his shoes. He was treasurer or collector for one of the local Yeoman lodges, and was on his way to town to turn the money over, he having resigned the position since removing from Brainerd. As he was walking along the road, according to his story, a man wearing a mask stuck a gun into his face and told him to throw up his hands. Will complied without hesitation and a second man whom he had not before seen went through his pockets taking \$72, a part of which belonged to him and a part to the lodge. He came to Brainerd in his stocking feet and reported the robbery. Sheriff Erickson went at once to the scene of the robbery and though he drove clear to Crow Wing he was unable to find any trace of the robbers.

A stranger who was passing through the city reported to the sheriff this morning that he had gone to sleep in the Northern Pacific depot last night and when he woke up he was shy a roll amounting to \$53 which he had in his pocket.

Three men were arrested and thrown into the city bastle last night, two on suspicion that they were connected with the holdup. The third, who was arrested on another charge, was also seen by Mr. Tudor, who was unable to identify any of them. Two were turned loose while the third who gave the name of Henry Ehle, was given a fine of \$10 for indecent exposure. He had \$15 on deposit at Behne's saloon, having left it there yesterday afternoon, and paid his fine and departed.

Anderson-Johnson

A very pretty home wedding was witnessed last evening by the relatives and friends of Miss Rosella Anderson and Mr. Nels Johnson when the two were united in matrimony at the home of the bride's parents. The bridal party marched into the parlor to the strains of Lohengrin's wedding march as played by Miss Theresa Schulz. The ceremony was performed in a bank of flowers and ferns by the Rev. Kirk, of the Peoples Congregational church, the ring service being used.

The bride was beautifully gowned in white silk carrying white bridal roses and the bridesmaid, Miss Marion Halladay wore pale green silk mull. The groom and best man, Mr. Swan Johnson, wore conventional black. The couple were well remembered by many beautiful and valuable gifts.

After a dainty wedding supper the happy couple left on the midnight train to visit relatives in Wisconsin for several weeks, after which they will be in their new home at the corner of Main and Second Sts.

Both the bride and groom are well known in Brainerd and have a host of friends who will join with THE DISPATCH in wishing them much joy. Mr. Johnson is a member of the firm of Johnson Bros., the well known front street bakers, while Miss Anderson has been a clerk in the store connected with the bakery, and previous to that was a telephone girl in the office of the Northwestern company.

The game last night did not decide the championship. The North Star Juniors were defeated by a score of 8 to 3 by the East Brainerd team. The Stars were ahead to the close of the third inning, but in the last half of the fourth inning the east side took a bat best off Alderman, which added to sleepy fielding in the left field and an error or two, gave them eight scores. The Stars were unable to connect with Davidson's curves in the fifth and the agony was over. The net result is that there will be three games between the North Stars and the Northern Pacific Juniors, each to be nine innings the winner of two taking the championship, the other ranking second. The two teams have now each played ten games and it is thought that the games will be played at the grounds at the cedar yards; which are said to be very good and permit of fast, snappy ball.

One Killed, Many Injured.

Johnstown, Pa., July 16.—George Kennette of this city and twenty-five or thirty others were injured, some perhaps fatally, when a trolley car of the Johnstown Passenger Railway company, after striking an engine at a crossing a mile from here, started backwards and went over a steep embankment.

THE FOREHEAD.

What Its Size and Shape Are Said to Indicate.

A high forehead to be very good should be well developed about the eyebrows. Breadth of forehead is always favorable. It is distinctly connected with breadth of character.

A forehead that curves back reveals a poetic temperament, a fondness for the arts and a talent for either music or painting.

Of course a broad forehead may be part of a weak face, and a weak chin and mouth will naturally give a truer impression of character than even a combination of a narrow forehead with an otherwise strong face.

If there is quite a perceptible bulge of the eyebrows, combined with a high forehead, the sign is of a calm, cool, deliberate thinker.

If with these eyebrows is combined a forehead that slopes gradually back, a sensitive, poetic temperament is disclosed. If, again, they are combined with a short, narrow forehead, the subject will be successful in business and in everything connected with worldly matters, but he will be incapable of appreciating to any extent or of creating anything connected with the arts.—New York American.

SAW IT IN A DREAM.

A Lost Check and the Peculiar Way It Was Found.

A wealthy New York lawyer sat up late one night writing letters he had not been able to finish during the day. It was past midnight when he went out to mail them, and when he returned and was undressing he paused in dismay, missing a check for a large sum received during the day and taken home with him. In vain was the house ransacked at that late hour. He went to bed convinced that the lost check must be in the house. An hour later he fell into uneasy slumber and beheld as with his eyes of the flesh the pink check curled about an area railing four or five doors from his own house.

So real was the dream that the troubled man woke up, dressed and, slipping down the stairs into the street, walked along the sidewalk to a spot still seen vividly in his mind, and there, sure enough, standing edge upward and partly curled about the iron, was the missing check. "I think," he reported to the Psychological Research society, "my subconsciousness must have noticed it fall from my pocket as I walked to the mail box and my subliminal self pointed it out to me in sleep."—William G. Fitz-Gerald in New York Tribune.

The highest authorities on the subject tell us that the milk of goats is much richer than that of the cow in all the nutritive elements, that it goes much further and is far easier of digestion; hence is much better for children and invalids than is cows' milk.—New York American.

DEERWOOD NOTES

C. R. Bullis, Bert Lough, David Archibald and Julius Hage were Aitkin visitors on Sunday.

Mrs. Leon Wilson from Appleton, Wis., who was formerly Miss Clara Howe, is here for a two weeks visit, renewing acquaintances and visiting relatives.

Mrs. Barton, Mrs. Brownlee, O. E. Culver, Miss Olga Wetzel and Miss Dalie Wetzel were Brainerd visitors between trains on Wednesday.

Dr. Sewell, from Cloquet, was a Deerwood visitor between trains Tuesday.

Miss Stella Larson, from Superior, came up Saturday evening to spend her vacation with here aunt and uncle, Mr. and Mrs. Jacob Palmer.

Mrs. Thompson and children visited with Rev. Parish for a day. Mrs. Thompson is a niece of Rev. Parish and is here on a visit from Canada.

J. W. Schenck came up from Aitkin on Tuesday to spend the day with Rev. Parish.

On Sunday July 12 a party of young people drove out to Midland for a picnic, starting at six in the morning. About 30 people went and report an excellent time. The picnic was gotten up in honor of Mrs. Leon Wilson, who is here on a visit.

H. J. Hage went to Yellowstone Park with his brother. They intend taking an extended western trip before returning.

Prof. Rollinson, from Aitkin, has started a class of piano pupils. He has a class now of four pupils, Maude Hage, Lillian Hage, Adele Palmer and Ruth Adams.

Mrs. Jacob Palmer gives a party to-night, Wednesday, in honor of her niece, Miss Larson, from Superior.

The carpenters have begun work on Oscar Carlson's house and will put up a building estimated to cost \$1500.

Mr. Henry Cruse, was a Duluth visitor on Wednesday.

Mrs. Tom Cole was called to Michigan on account of her mother receiving an injury shortly after Mrs. Cole came back to Deerwood.

The Southworth family at Hamlet Lake have all been sick with a sore throat which Dr. Reid now pronounces diphtheria.

The Swedish Ladies' Aid gave an ice cream social Saturday evening, July 11th, on Benson's lawn. The lawn was prettily decorated with Japanese lanterns and the white tables among the trees looked very inviting. The Ladies' Aid cleared about \$29.00.

The Deerwood Concert Band will give an ice cream social Saturday evening, July 18, on the school house ground. Cake and ice cream 15c and music by the band. We hope the boys will do well financially as they have a good object in view and are receiving every encouragement from some of our most prominent citizens and take this means of raising money in place of asking for donations. Six young ladies will take charge of the tables and the married women will serve the ice cream.

Mr. and Mrs. Swartz and Mr. and Mrs. Eastman, from Brainerd, were Deerwood visitors Sunday between trains.

Norval Olson returned Monday evening from a trip up the line.

Quite a few people have been camping and must find the mosquitos quite a pest.

Victor Wickstrom has just received a new 16 horse power gasoline engine and intends sawing and planing lumber in fine shape after this.

The water is fine these days for bathing and there is some one in at the beach at all times of the day. Friday was our hottest day and seemed a comfort to find one cool spot, even in the water.

Mr. Arthur Kneiff of Bay Lake was a Deerwood visitor on Wednesday, taking supper at the Wetzel home Wednesday eve.

Mons Mahlum, from Brainerd, was a Deerwood on Wednesday between trains.

Elks' Lodge of Sorrow.

Dallas, Tex., July 16.—The session of the Elks' grand lodge was devoted to the "Lodge of Sorrow," the impressive service of the order in commemoration of the deceased members, various prominent Elks paying tribute to those who have died. The thirty bands in attendance massed and paraded the downtown streets. The band was under one director and comprised 550 musicians. After the parade concerts were given in all public parks.

Train Kills Farm Hand.

St. Paul, July 16.—Charles Ricketts, employed on the farm of Frank Bel-den, near St. Paul Park, was struck by a Burlington train at Highwood, a suburb of this city. He was hurled nearly 100 feet and fell against a barbed wire fence. Nearly every bone in his body was broken.

WIDE RANGE OF TOPICS.

Discussed by President Roosevelt and Guests.

Oyster Bay, July 16.—President Roosevelt entertained a dozen guests, the largest party he has had at his home on Sagamore hill since he began his vacation. With his guests the president discussed a wide range of topics, naval, political, labor, publishing, hunting and travel.

After his usual morning exercise, the president welcomed Henry Reuter, the marine artist and writer, and John Williams, labor commissioner of the state of New York. Mr. Reuter, who accompanied the Atlantic battleship fleet on its voyage from Hampton Roads to Magdalena bay and who in an article published last February severely criticized the construction of the battleships of the navy, came to talk with Mr. Roosevelt about naval matters. It is understood that Mr. Reuter is preparing another article on the United States navy and that it was his wish to consult the president regarding this.

Shortly after the departure of his two morning guests, the president received a party of ten.

World's Record Broken.

St. Paul, July 16.—One world's record was broken, that for the forty horse-power stock chassis, the Allen Kingston, driven by Ralph De Palma, making the five miles in 4:56 2-5. Christie failed to equal his world's record of fifty-two seconds for the mile, flying start, but he made better time than either Oldfield or De Palma and had the satisfaction of beating Oldfield, his greatest rival, in the big event of the day, the quadrangular five-mile event for racing cars. Christie won the mile race in :52 4-5, while Oldfield made the distance in his Stearns in :56 4-5. Twenty thousand people saw the races.

STABS TWO PEOPLE.

Painter Carves a Congressman's Secretary and a Bookkeeper.

Baton Rouge, La., July 16.—A. H. Faust, private secretary of Congressman G. K. Favrot, and former editor of the Baton Rouge Times, was dangerously stabbed by Edward George, a painter. George also cut Miss Claire Bates, a bookkeeper, in the cheek and arm when she attempted to protect Faust. Miss Bates had refused permission to George to enter the office where she was at work. Faust was sitting in the office when George rushed in and began stabbing him. Faust afterward said that George had tried to forbid Miss Bates speaking to him.

What the Democratic Party Stands For In 1908

Concise Analysis of Its Declaration
of Principles by James A. Edgerton.

By JAMES A. EDGERTON.
THE chief questions on which the Democratic platform takes clearly defined and distinct issue with the Republican declaration of principles may be briefly stated thus:

The removal of the tariff from trust products.

The physical valuation of railroads as a basis for rates.

The abolition of labor injunctions and jury trial for indirect contempt of court.

The rights of the states as opposed to the encroachment of the federal government.

Publicity of campaign contributions. Economy of government expenses and curtailment of officeholders.

Emergency currency issued by the government instead of by the banks and the insurance of bank depositors.

The enforcement of the criminal law against trust officials.

Curtailement of the power of the speaker of the house.

Opposition to the use by the president of official patronage to nominate his successor.

Independence of Philippine Islands.

Popular election of senators.

An income tax.

Opposition to Asiatic immigration, including the Japanese.

There are a few minor issues, but these indicate the chief lines on which the present battle of the ballots will be fought.

On the surface the two platforms are much alike, but, more closely examined, the differences are apparent. While they are not very deep nor fundamental differences, they are sufficiently marked to make one of the prettiest fights the country has yet witnessed.

In all candor both platforms are effective documents and as a whole are the most radical ever adopted by either party. The Republican instrument perhaps excels in literary form and the Democratic in boldness of expression and in being a more human and vital utterance.

The Republicans sidestep several propositions and pass over others gingerly, like walking on eggs, while the Democrats "talk right out in meeting" on them all.

It is noteworthy that the three issues submitted by the friends of Senator La Follette—viz, physical valuation of railroads, publicity of campaign expenditures and popular election of senators—which were joyously turned down by a vote of about 8 to 1 in the Chicago convention, are all included in the Denver instrument.

It is also worthy of notice that the Republican injunction plank suited neither side and called down the criticism of both capital and labor, while the Democratic pronouncement on the same subject is even more vigorously denounced by the Wall street patriots, but has the enthusiastic support of Samuel Gompers and most of his co-workers in the ranks of organized labor.

New Campaign Element.

This is distinctly a new element in a presidential campaign, the American Federation of Labor never before having declared openly for any candidate. It is unquestionably the most important factor in the fight and has the politicians of both parties guessing.

More in detail the declarations of the two parties on the various questions discussed are as follows:

On the tariff the Democracy favors immediate revision, placing all trust products on the free list, also print paper, pulp, lumber, timber and logs; material reduction of duties on the necessities of life and on all articles of American manufacture sold more cheaply abroad than at home—a general reduction all along the line practically to a revenue basis.

The Republicans declare for a revision after the next president is inaugurated. No indication is given of the line on which such revision will be made except that it will follow the present policy of protection.

On the labor and injunction issue the Democrats oppose emphatically any discrimination against labor in injunctions, asking for rigid impartiality, and protest against the issuance of injunctions during strikes that would not issue were no industrial dispute involved.

The most important pronouncement under this head is in favor of trial by jury in all cases of contempt not in the presence of the court.

The Republican platform contents itself with a plank reiterating the present law and with a general recital of its labor legislation and a pledge for more laws in the same line.

Both platforms declare in varying terms for an employers' liability law and an eight hour day, and both hint at child labor legislation. The Democrats favor a separate department of labor, including a bureau of mines, while the Republicans demand the bureau of mines alone.

On the railroad question the Democracy declares boldly for physical valuation which would squeeze water from stocks, demands that roads be prohibited from owning any business

that brings them into competition with shippers and favors increasing the powers of the interstate commerce commission not only over railroads, but over telegraphs and telephones.

The Republicans approve the present rate law in a general way, but ask for an amendment that will permit traffic agreements, provided they are made public, are not between competing lines and are under the control of the commission.

Both platforms approve the prosecution of rebates and discriminations.

Handling the Trusts.

On the question of trusts the Democrats declare for the enforcement of the criminal law against guilty trust officials, demand a law preventing duplicate lists of directors on competing corporations, favor a federal license system for interstate trusts and propose a law compelling all corporations to sell on equal terms in all parts of the country.

The Republicans favor greater supervision and control over interstate corporations and increased publicity in their affairs, speaking a good word for legitimate associations of business men, farmers and wage earners.

On the financial question the Democratic platform declares for an emergency currency issued and controlled by the federal government and loaned to national and state banks. More important still, it favors the insurance of bank depositors.

It attacks the Republican law passed by the last congress on the ground that it lays the bank currency of the country at the mercy of Wall street manipulation.

The Republicans approve this emergency legislation, but give no definite assurance of further currency laws other than to indicate that a commission is at work on the problem.

Both platforms declare for postal savings banks, but the Democrats denounce the Republican plan as tending to carry all deposits to Wall street.

Independence For the Philippines.

Regarding the Philippines, the Democracy says that imperialism has been a costly mistake and insists on the independence of the islands as soon as a stable government can be formed, this government protecting them against outside aggression until they are made neutral territory, also reserving naval and coaling stations.

The Republican platform congratulates the country that insurrection is ended in the Philippines and that progress is being made toward education and home rule. It also favors free trade with the islands except on sugar and tobacco. No policy for the future is outlined.

The Democrats demand territorial government for Alaska and Porto Rico and the extension of American land laws to Hawaii.

The Republicans go no further in this direction than to demand citizenship for Porto Ricans.

Both platforms favor an increased merchant marine, but the Democrats oppose a ship subsidy. The Republicans imply that they are for a ship subsidy without stating it directly.

The Democracy advocates the organization of all national public health agencies into a national bureau, which shall look after sanitary conditions in factories, mines, tenements, child labor and kindred subjects.

The Republicans promise legislation to further the work of the public health agencies, but say nothing of uniting them under one bureau.

There are a number of issues treated in the Democratic platform that are omitted from that of the Republicans entirely. Briefly stated, these are as follows:

Publicity of campaign contributions and expenditures is demanded in the Denver declaration; reference is made to the exposures of contributions to the Republican fund brought out in the insurance investigation, also to the charge of E. H. Harriman that at the solicitation of President Roosevelt he raised a quarter of a million dollars for the Republican campaign in New York state. The Democrats promise a law preventing any corporation from contributing to political funds or any individual from contributing above a certain amount.

The Republicans by an overwhelming majority refused to adopt the La Follette publicity plank, but since the convention adjourned Mr. Taft has promised that a complete statement of receipts and expenditures shall be made according to the New York law. This will be published after election.

The Democracy insists on the rights of the states to regulate corporations and commerce within their own borders and opposes the centralization policy of the present administration.

The Republicans naturally say nothing on this head.

Economy In Government.

The Denver platform attacks the present congress for appropriating over \$1,000,000,000 and creating a deficit of \$90,000,000. It insists on economy in government.

The Chicago platform is silent as to economy.

As one of the items of extravagance

it is charged by the Denver platform that the present administration has added nearly 24,000 officials in a year at an annual cost of over \$16,000,000. During the entire Roosevelt administration nearly 100,000 new offices have been created, exclusive of commissions, as against 10,000 under both the Cleveland and McKinley regimes. The additional Roosevelt officials cost yearly \$70,000,000 annually as against \$6,000,000 for those of his two predecessors. This is denounced as an effort to perpetuate power by creating an army of retainers.

The Chicago instrument says nothing on this subject.

The Democracy charges that Secretary Taft's nomination was forced by the misuse of patronage, a thing utterly repugnant to free government.

Of course the Republicans have nothing to say on this head.

The Democrats insist on the protection of American citizens abroad, whether native born or naturalized, demands the amendment of all treaties which would prevent our citizens traveling in any land and has a word to say for Americans manufacturing under foreign patents.

In this form the Republican document has nothing to say on the subject.

The Denver platform demands the popular election of United States senators.

The Republican convention refused to enforce this plank by an overwhelming majority.

The Democratic declaration favors an income tax and promises a constitutional amendment to make this possible.

The Republican platform is silent on this head, notwithstanding the fact that President Roosevelt had recommended both an income and an inheritance tax.

The Denver instrument takes a bold stand against Japanese immigration.

The Chicago platform has nothing to say specifically as to Japanese immigration.

The Democrats attack the system which makes it possible for the speaker of the house of representatives to control the legislation of that body. They demand that this popular branch of the national legislature be placed again under the control of the people's representatives. The Republicans are silent on this subject.

There are a number of policies urged by both platforms, but in varying language.

Favored by Both Parties.

The conserving of natural resources, preventing waste of timber, reforestation, reclaiming arid lands and the improvement of waterways and harbors are urged in both documents.

On the question of grazing of public lands, which is of great importance throughout the west, the Democrats take sharp issue with the administration, demanding that the control of the grazing privileges be left to the states.

In a general way both platforms favor building up the navy.

Both favor the civil service. Both speak a good word for a liberal pension policy.

Both promise separate statehood for New Mexico and Arizona.

Both have a word to say for the farmer, the Republicans commending the work of the agricultural department in a general way, the Democrats favoring agricultural and mechanical schools. Against the Chicago proclamation for extending free rural delivery and aid for good roads, the Denver document pledges aid in the building of post roads.

Both parties urge the speedy completion of the Panama canal.

Both have a good word to say for peace and arbitration.

The Republicans have two planks to which the Democrats make no reference, that recounting the friendship of the G. O. P. to the negro and that commending the holding of a centenary of Abraham Lincoln's birth.

In a general way it must be said that the Democratic platform is more specific, more outspoken and more radical than the Republican document. The Chicago instrument is more rhetorical and, it must be admitted, more boastful. A large part of it is given up to preamble and conclusion. Its silence on several of "my policies" is marked.

Has "More Heart Throbs."

The Democrats, on the other hand, cover the field and handle each issue in a frank manner. Samuel Gompers has said that there are more heart throbs in the Democratic platform.

On one subject the Denver pronouncement is silent, the government ownership of railroads. That, however, is not directly in issue in this campaign, although the Republicans went out of their way to condemn it.

In the admirably brief introduction and closing of the Denver platform the constant note sounded is that of the people's government. "Shall the people rule? Is the overshadowing issue," it says in one place. In drawing the contrast between the two parties it uses this language:

"The Democratic party stands for democracy; the Republican party has drawn to itself all that is aristocratic and plutocratic. The Democratic party is the champion of civil rights and opportunities to all; the Republican party is the party of privilege and private monopoly. The Democratic party listens to the voice of the whole people and gauges progress by the prosperity and advancement of the average man; the Republican party is subservient to the comparatively few who are the beneficiaries of governmental favoritism."

Taken as a whole, the Democratic national platform of 1908 is the most advanced and radical document ever adopted by a leading party in this country. Truly the world moves.

WINS TWO GOLD MEDALS.

Great Britain Captures More Honors at Olympic Games.

London, July 16.—Two gold medals went to Great Britain, France and Sweden as the winners of Wednesday's final events at the Olympic games. Great Britain was a double winner and France and Sweden each secured one first. The United States had to be satisfied with one silver medal symbolic of second place in the three-mile team race, but the American representation in the various events was small.

It was proudly announced from the offices of the British Olympic association that the attendance at the stadium was the largest since the opening. The stands certainly were filled up, but the public is evincing little interest, at least in the preliminary events of the great programme which has brought together upwards of 2,000 athletes, representing almost every civilized country on the globe.

There were four finals assigned to the day and of these England won the 660-yard cycling race and the three-mile team race, thus bringing the number of gold medals to Great Britain to date up to four, as compared with two standing to the credit of the United States. The only final in which the latter country participated was the three-mile team race, and the American team finished an easy second.

France captured her gold medal for a victory in the 2,000-meters tandem cycle race, and Sweden for Lemmings' record-breaking javelin throw of 178 feet 7 1/2 inches, which topped the best previous throw by more than three feet.

Greece, France and Great Britain each took a silver medal for seconds in the javelin throwing, 660-meter cycling race and the 2,000-meter event, respectively, while Norway, Germany and Sweden took the bronze medals in the same events.

Costly Fire in Minneapolis.

Minneapolis, July 16.—Fire wrecked the two upper floors of the Forman, Ford & Co.'s five-story factory and warehouses at 116 to 120 Washington avenue south, doing an estimated damage of \$35,000 to stock and \$5,000 to the building. Crossed wires in the rear of the building are thought to have been the cause of the fire.

Bald Heads Must Go

Bald Spots, Falling Hair and
Dandruff Positively Cured by
Burnham's Hair and
Scalp Tonic

Chicago, July 24, 1905.

MR. E. BURNHAM.
Dear Sir: After having used your Hair Grower for about six months I can truthfully say it is the most wonderful hair tonic I know of. It has stopped the falling out and the bald spot is entirely covered with a thick natural growth. I am more than pleased with the result. A physician friend who examined my head said hair could not be restored on the bald spot, and the enclosed photo shows that it can be and was restored by your Hair Grower. My hair measures 2 inches and is still growing, has a rich, healthy color, and is admired by all who see it. Am recommending your tonic to all my friends and acquaintances, and I sincerely wish you the success you and your wonderful discovery deserve.

Mrs. G. Crawford
417 Bay State Bldg.
P. S.—You are at liberty to use my letters and photos any way you see fit.

For thirty years we have spent time and money and employed the best and most skilled chemists in the United States in perfecting Burnham's Hair and Scalp Tonic. Today we have thousands who will testify to its merits. We have photos of this lady, showing the bald spot the same as reproduced here. This bald spot is now covered with a thick growth of hair. Photographs show facts and are positive proof of what Burnham's Hair and Scalp Tonic has done for her. Read what she says again.
